PROFESSIONAL SUMMARY

Full Stack Developer with internship and freelance experience building web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in RESTful APIs, responsive UI development, and database integration. Strong foundation in Data Structures, Algorithms, and Object-Oriented Programming (OOP), with a focus on clean code, performance, and user experience.

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), Python, SQL, HTML5, CSS3
Frontend: React.js, Vite, Bootstrap, GSAP, Responsive Web Design
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, MySQL
Tools & Platforms: Git, GitHub, Postman, MongoDB Compass, Vercel, VS Code, IntelliJ IDEA

WORK EXPERIENCE

Full Stack Web Developer Oct 2025 – June 2026

Funk Vibes

- Maintained responsive e-commerce web applications using React.js, JavaScript, HTML5, and CSS3, improving cross-browser compatibility and site performance.
- Integrated frontend components with RESTful backend APIs and MongoDB database systems, enabling seamless data flow and real-time UI updates.
- Drove UX improvements, bug fixes, and performance optimizations, reducing page load times and minimizing reported issues across the platform.

Frontend Developer Intern Jun 2023 – Aug 2023

GYMMI Startup

- Developed responsive web pages using HTML, CSS, JavaScript, and ReactJS, enhancing mobile-first user experience for the brand's official site.
- Engineered reusable React components for navigation, forms, and content display, improving codebase modularity and long-term scalability.
- Collaborated via Git for version control, contributing to design implementation, feature development, and cross-functional debugging workflows.

PROJECTS

Dubai Clean – HVAC Report Builder (Freelance) | React.js, JavaScript, PDF Generation

Live Demo: <https://rohillaabhishek.github.io/testDubaiCleanV7/>

- Delivered an end-to-end freelance web application for a Dubai-based client to streamline HVAC service reporting and replace manual documentation workflows.
- Implemented dynamic forms for customer and inspection data, image upload functionality, and automated PDF report generation for field technicians.
- Designed a fully responsive UI optimized for both mobile and desktop, significantly improving on-site usability for field staff.

Personal Portfolio Website | React.js, Vite, GSAP, JavaScript

Live Demo: <https://abhishekrohilla.me>

- Designed and deployed a fully responsive portfolio website with GSAP animations and Vite build optimization, achieving strong Lighthouse performance scores.
- Incorporated dynamic project showcases, social links, and a contact section to improve engagement with recruiters and clients.

EDUCATION

Manav Rachna International Institute of Research & Studies 2021 – 2025

Bachelor of Technology (B.Tech) – Computer Science Engineering (CSE) CGPA: 6.93

Rawal International School – Senior Secondary 2019 – 2020

CBSE Class XII (Science Stream) Percentage: 80.6%

Rawal International School – Secondary 2017 – 2018

CBSE Class X (All Subjects) Percentage: 79.6%

CERTIFICATIONS

- Java Data Structures & Algorithms Masterclass
- Programming Foundations: Object-Oriented Design
- Complete Python Developer: Zero to Mastery
- Cloud Computing Fundamentals
- Ethical Hacking: Introduction to Ethical Hacking
- Getting Started with Enterprise-grade AI
